

## DESIGNED BY . . . GOD: THE IMPACT OF THE FALL | GENESIS 4:1-26

Everything that God created was very good. Why aren't we living happily ever after? Adam and Eve failed catastrophically when Eve was deceived by Satan and Adam chose willingly to believe the words of Satan instead of the words of God. Now they had gained the knowledge of good and evil, but found themselves enslaved to evil, and they had brought a curse upon creation. They would multiply as they were told to by God, but their descendants would be marred by the sin of Adam. What impact did the Fall have on the descendants of Adam?

1. Mankind would have a propensity to jealousy, covetousness, anger, and murder, leading to \_\_\_\_\_ from God's design and leading to \_\_\_\_\_ of \_\_\_\_\_ with God and each other.
2. Mankind's \_\_\_\_\_ against God would \_\_\_\_\_ and be \_\_\_\_\_ from generation to generation.
3. Mankind would continue to depart from God's design for \_\_\_\_\_.
4. Despite the Fall of mankind, God would continue to hold out \_\_\_\_\_ and \_\_\_\_\_ to those who call on His name.
