

WHAT YOU HAVE WHEN YOU FIND A BIBLICAL CHURCH
ACTS 2:42-47

Fewer and fewer people in our country attend church these days. Though people say spirituality is important, church is simply not a priority. In our culture everything is personalized and at our fingertips to receive instantly, exactly how we want it. But what does God desire? Ultimately, what God desires is what is best for us in the long run. I was happy to read that a podcaster that I listen from time to time, who did not appear to be Christian, posted, "Today, I am going to church for a first time in a long time." A short time before, he posted, "Today, I am beginning to read the Bible for the first time." Months later he described what it means to belong to a biblical church when he wrote, "I have found the Truth and I have found my people." Why should you make it a priority to find a biblical church? And if you have a biblical church, why should you make a great effort to stay involved?
